AREA GUIDE

LOCAL AREA INTRODUCTION
Montenegro may be small, but its legendary history, impressive mountains, beautiful beaches and crystal clear water will be a big hit for your yacht charter vacation. The country boasts the UNESCO World Heritage sites of Perast and Kotor, an impressive Venetian fortress with a steep hike and fantastic view across the bay.

The peak times for a Montenegro boat rental are July and August. In summer the days are sunny and hot and the water temperatures are ideal for swimming.

If you’re sailing Montenegro, you will need a sailing license that is recognized by the local port authorities, or you can hire a skipper.

TOP THINGS TO DO IN MONTENEGRO:

Visit the chapels on small islands near Perast: Sail to Perast for lunch and explore the chapels on the small islands of St. George and Our Lady of the Rocks nearby.

Check out the Blue Cave on your way to Herceg Novi: Enter and get treated to a unique light show where the water’s reflections illuminate the cave roof.

Visit Budva: Budva, near the islet St. Stefan, is famous for its beautiful beaches and historic monuments, including mosaics dating to the 3rd century. If you love diving, stop by the two small islands of Katić and Sveta Neđelja nearby.

Visit the iconic Old City of Kotor: If you rent a boat in Kotor, make sure to take time to walk through the old city and visit the castle of San Giovanni. Climb up the steep fortifications on the hillside for the best view of the Bay of Kotor. Take plenty of water.

SAILING CONDITIONS

SAILING AREA
Montenegro’s mountainous 300km of rugged coastline is becoming popular among those looking to explore the Adriatic beyond Croatia. A Montenegro yacht hire transports you to Herceg Novi’s 14th century old town or Dobrec's pebble beach, which is only accessible by boat.

During your yacht charter in Montenegro, make sure you hop to the island of Katič for diving, explore the fort on Mamula, or find isolation at uninhabited Stari Ulcinj.

You’ll be a short sail away from Budva, where you can enjoy a party atmosphere at Ploce Beach, relax on Jaz Beach or go for an early morning swim at Mogren Beach to avoid the crowds. During the summer the city of Budva also hosts a popular city theater that features numerous local performances and international shows.

WEATHER
The best time to visit Montenegro is between May and October when the climate is sunny, hot and dry. The hottest and most crowded months to visit are June, July and August.
The average temperature in Montenegro in summer is 81ºF. The sea temperature in Montenegro in summer is between 75ºF and 82ºF, with August being the best month for swimming.

TEMPERATURE
Climate in Kotor, Montenegro:
- Summer high: The August high is around 88ºF
- Winter low: The January low is 36ºF

WIND SYSTEMS
The sailing conditions are perfect for sailors who want to sail in good winds instead of always motoring through calms.

Montenegro's prevailing wind in the summer includes the northwesterly mistral which blows off the land between 10 and 25 knots on a regular basis.

However, the northeasterly bora features gusts that can range between 30 and 50 knots. If you’re sailing Kotor Bay (or the rest of Montenegro) and the bura is forecast, find a sheltered anchorage right away.

Meanwhile, the southerly sirocco is warm but can also bring rain and wind up to 25 knots.
